

## Quality Policy

### **Our Objective**

**Scarab Sweepers Ltd** is dedicated to providing its customers with innovative road surface cleaning machines, supported by excellent service and timely spare parts distribution, enabling them to improve well-being in their environments.

Our vision is to work in collaboration with our customers and business partners to address emerging needs, creating solutions that utilise the talent of our people and our portfolio of products and services, whilst adhering to our regulatory and legislative obligations.

### **Our Method**

The management team, supported by the entire workforce, is committed to a process of continual improvement of its Quality Management System, validated by the use of periodically reviewed quality objectives applied throughout the organisation. We have implemented an Internal Audit Program to ensure that the ongoing suitability and conformity of the Quality Management System is assured.

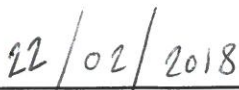

**Scarab** works hard to ensure that opportunities for improvement are identified, analysed and implemented, through the effective use of performance statistics, warranty analysis and customer feedback.

We recognise that our suppliers and partners are integral to our ability to deliver exceptional products and service to our customers and we strive to ensure that their standards and practices meet with our expectations and quality objectives.
